Red Cross Fund Is Being Sought

Full Quota Is Being Secured As Committees Call on Neighbors for Funds

The Red Cross campaign to raise \$1,400 went into action Monday in spite of the adverse weather.

A meeting was held of workers Sunday afternoon when the list of citizens of the county was checked and estimates made as to how much each one should give to the Red Cross during 1942. Only 15% of the year's estimate is being collected.

The first report made to County Chairman T. V. Reeves came from the Jewell community. This community reported collections in full.

The Ralph community has reported in full.

Two of the committees working in the Park community have reported good success.

The committee from the Trigg-Costley community reported in full yesterday.

Various men are working in Canyon and while none have reported in full, all state that it is a matter of finding the people.

Mr. Reeves hopes that all committees will complete their work before the end of this week. He is keeping the records of the collections at the City Hall and workers may find him there during the day.

Politics Warm as Nelson Asks Place Appeals Court

District politics took on considerable interest here this week when Judge E. C. Nelson announced that he would be a candidate for Chief Justice of the 7th Court of Civil Appeals. Judge M. J. R. Jackson will retire from this place on the court at the end of his term.

Judge Nelson told friends here Monday that he has canvassed the district during the past few months and feels greatly encouraged at the prospects.

W. T. Link of Clarendon announced several months ago that he would run for the Court of Civil Appeals.

With the retirement of Judge Nelson from the 47th District, several prominent lawyers are considering making the race. District Attorney Robt. E. Underwood states that he will not be a candidate for re-election. He may run for Judge. Assistant District Attorney Jim Lumpkin is almost certain to be a candidate for District Attorney.

Birth Certificates Hard to Get From State

County Clerk A. B. Holt has received a letter from the State Board of Health pointing out the fact that birth certificates will be issued only to such persons who are vital to National Defense. During the past few years there has been such a demand for birth certificates that the office at Austin cannot keep up with the demand.

The paper on which the certificates are printed cannot be secured and therefore the supply is being conserved.

Those who must have birth certificates under the National Defense work may still secure them from the county clerk.

28-Year-Old Men Recalled to Army

A large number of men have been recalled for military service who were recently discharged under the 28-year-old law. This law was repealed by the new military registration law.

All men will resume their standing in the army which they had gained in former service.

Lt. L. G. Penick Is Now in Hawaii

Lt. L. G. Penick has written his parents, Mr. and Mrs. E. C. Penick, that he is now stationed in Hawaii. He is with the air corps and had been stationed at Salt Lake City before being transferred to Pacific duties.

He writes that he has seen O. M. Solomon, another Canyon boy.

Mrs. T. A. Black and niece, Mrs. E. C. Starr of Clovis, returned Monday from Pauls Valley, Okla., where they spent the week end at the home of Mrs. Black's mother.

Plan Work For 1942; Resolutions Adopted; Fire Control to Court

The Randall County Land Use Planning Committee met in an all day session Friday, Jan. 2.

A number of matters of importance to farmers were considered and several pertinent recommendations were made to Federal and local agencies in regard to Agricultural and Defense programs.

Members of the Commissioners Court met with the committee in the afternoon session for a discussion of the fire hazards now existing in most sections of the county because of the heavy growth of vegetation on pastures, fields and along fence rows.

After considerable discussion in regard to fire prevention methods it was decided to leave all organization for fire prevention in the hands of the Commissioners Court. It is the request of the Agricultural Planning Committee that every farmer and land owner cooperate with his commissioner in burning thistles and grass along county roads so that effective fire guards can be established. It is agreed (Continued on last page)

Funeral Is Held For Eloise Bagley Friday Afternoon

Funeral services for Eloise Bagley were held Friday afternoon at 2:30 o'clock at the Presbyterian Church, conducted by Rev. A. M. Dorsett. The girl was killed Wednesday night near Canadian when the family car went over an embankment. Mr. and Mrs. Bagley were injured but were able to attend the funeral. Surviving are the parents, Mr. and Mrs. H. W. Bagley; three sisters, Mrs. Elva Lee Sheets of Spearman, Mrs. Hettie Lou Clark of Oberlin, Ohio, and Mrs. Dell Marie Terry of Hobbs, N. M.

Pall bearers were Joe Black, Wilford Taylor, Jr., J. D. Hazlewood, Dalton Oats, Lee Foster and W. H. Harden.

Honorary pall bearers were R. E. Baird, S. B. Orton, W. T. Hazlewood, J. C. Hunt, C. E. Shero and G. C. McDaniel.

Ruby Cochran Is New Director of Old Age Pensions

Mrs. Ruby Cochran opened the old age assistance office, just west of the post office Monday morning. She moved here Saturday from Amarillo.

The office will be open on the third Tuesday of each month for applications for old age assistance, aid to dependent children, and aid to needy blind.

Mrs. Cochran is experienced in this type of work.

Save Wrappings and Reduce Deliveries

Merchants in other towns report that wrapping paper and paper bags are being saved by customers requesting that their purchases be not wrapped. Hundreds of customers are telling merchants "to save the wrappings." This is a good suggestion for Canyon buyers.

Deliveries are being reduced by stores in many towns in order to save tires and the wear on delivery trucks. Canyon merchants will probably adopt a limited system of deliveries before next week. When their trucks and casings wear out, there is little chance for merchants to replace them. Customers should buy in quantities and avoid asking the delivery of small purchases.

Bufs Lost In Game No. 13

Bradley Tech Wins Close Game After Bufs Lose in Most of the Fast Session

Game No. 13 proved to be the downfall of the Tallest Basketball Team in the World! The Bufs sailed through 12 victories, but Bradley Tech defeated the Bufs in No. 13 Tuesday night at Peoria, Ill.

The Bufs left Monday morning for a three game trip. The team will be back home to play University of New Mexico in a Border Conference game here next Wednesday and New Mexico A. & M. on Thursday.

The Bradley team had to stage an amazing rally and also got benefit of a sudden falling off in the Buffaloes basket-hitting ability.

At one time in the first half the Bradley boys were 12 points behind. The Buffaloes continued leading at the end of the half and it looked like the home team's downfall.

Then just as Bradley got hot and hit with everything thrown toward the goal, the Buffaloes began missing and the victory finally came in the waning minutes.

High point for the night was West Texas State's Jack Maddox with 14 who was followed by the great Price Brookfield with 13.

The Bufs play Evansville College in Indiana Thursday night and close out their mid-western tour Saturday night against DePaul in Chicago.

No Promise Steel to Erect Science Building at W. T.

According to word from Washington the Office of Production has so far failed to grant the request of West Texas State and other Texas colleges for steel for new buildings. The legislature passed an appropriation of \$170,000 for a science building for W. T. Bids were called on the building in October but by that time priorities had been put into effect and civilian construction was being denied the purchase of building materials, especially steel.

President J. A. Hill has been in Washington this week in regard to securing the needed steel.

FRIONA, STUDENT HURT

Miss Frances Lanell Brigrance of Friona was hurt north of Canyon Thursday night when the car in which she was riding with a friend from Friona collided with a truck. Miss Brigrance was badly injured. She is a freshman in W. T. but had been at home during the holidays.

Garford Wilkinson of Amarillo was a business caller in Canyon Saturday.

Tire Board Is Named

Three Men Named on Rationing of Tires in County

Randall County's Tire Rationing Board was appointed Saturday by Judge A. H. Hunt and Mayor C. H. Jarrett upon request of Governor Coke Stevenson.

The following men were named as administrators: R. B. Gist, W. J. Wooten and Dan F. Sanders.

According to word from Austin, Randall county will be allowed the following casings for January: 10 passenger car, motorcycle and light truck tires, 8 passenger car, motorcycle and light truck tubes; 23 truck and bus tires; 19 truck and bus tubes.

The local men have received no blanks on which they may start to authorize the sale of tires and tubes. No dealer will be allowed to sell tubes or tires without an order from the local board. Those wishing to buy must show the necessity for new equipment on their car or truck.

Brother and Sisters Here 52 Years

Mrs. B. C. Taylor and Miss Tenie Thompson of Canyon and their brother, A. C. Thompson of Hereford ate their 52nd Christmas dinner in Canyon this year.

Relatives were guests at the home of Mrs. Taylor on Christmas day. Fifty-two years ago the three ate their first Christmas dinner in Canyon in a dugout on Tierra Blanca Creek east of the college. They came here with the cattle industry in the early days.

Mr. and Mrs. R. R. Short of Denver, Colo., returned home Friday after visiting here with her sister, Mrs. R. M. Gibbs.

Bond Sales Go Up in County

More than \$50,000 Invested in Bonds; Interest Increased Since "Pearl Harbor"

Sale of Defense Bonds and Stamps continues to increase in Randall county, according to R. H. Wright, county chairman.

From May until the end of December a total of \$52,900.70 in Bonds and Stamps had been sold at the local bank and postoffice. There was a great rush to buy bonds after Pearl Harbor, and the sales continue high every day.

Scores of Randall county citizens are buying bonds regularly every month as their salaries come in.

"There is no safer investment in the world than Defense Bonds," states Mr. Wright.

Grand Jury Files Two Indictments in District Court

District court opened Monday, but little business has been transacted this week.

The grand jury met Monday, voted two indictments and recessed until January 21.

Sam T. Couch and Donald C. Couch were indicted for theft. Both have been in jail since being arrested.

Members of the grand jury are: Roy N. Byrd, foreman, John Bedenk, Wilson Campbell, Ross Craig, T. H. Knighton, O. J. Grabbe, W. T. Oliver, R. B. Elliott, E. L. Barnett, Walter Dammier, J. C. Stockton, H. M. Beverley.

Bailiffs are J. S. McCormick, B. A. Witherspoon and Otto White.

Judge E. C. Nelson did not have a petit jury called for this week. Jury cases are set for next week.

Canyon Has Operated 8 Years Grade A Milk

Canyon milk ordinance has been in operation for eight years. Under this ordinance all dairies are closely inspected, which guarantees that the milk supply is pure. Licenses to operate are given dairies which meet the requirements.

JOINS AIR FORCES

Densmore Mickle went to Lubbock Tuesday to take his physical examination for the air corps. He will be forwarded to camp from Lubbock.

Candidates Will Save Money By Centering Their Advertising In The News—Many Fake Schemes

This is political year.

Randall county will have a number of candidates, none of whom have any money to waste on worthless schemes which are presented to them during a political campaign. Each political year brings forth a lot of schemes which are manufactured for the purpose of separating the candidate from his money.

In past years various types of so-called magazines, calendars, programs, and what nots have been presented to candidates and pressure brought to bear that they contribute to these publications. These are worthless to the candidates, but profitable to the promoters.

Without fear of challenge, The Canyon News offers to the candidates the best and most reliable medium of reaching the voters of the county. The candidate must visit the voters, since he is expected to talk with each and every voter. But The News will reach a larger percentage of voters than any type of publication.

The candidates may rest assured that their messages will be carried to the largest percentage of the voters when printed in The News.

During the campaign, The News will keep the candidate advised as to the important dates which must be observed in filing application for place on ballots, payment of primary fees and other political news.

The News is printing this statement only for the sake of the candidates, who will be sought as victims of many promoters who seek to extract their hard earned money.

Political advertising in The News is strictly cash in advance. All candidates should consider this before asking that their announcements be made in The News.

Lions International President Has Great Time on Visit "Back Home"

George R. Jordan of Dallas Spoke to 200 Lions Monday Night at Cousins Hall

George R. Jordan, President of Lions International, came back home Monday to renew friendships which he formed as a young boy. His family moved here from East Texas in 1900 and lived here until 1908. He attended the public schools and has a large number of friends whom he recalled.

A drive around Canyon revealed that he recalled many of the old landmarks. His visit with old friends brought to mind many experiences of the early days in Randall County.

Rev. and Mrs. Will Jordan, parents of the President, are buried in Dreamland Cemetery. During the afternoon he visited the Cemetery and placed a wreath at their graves. This is the first time that he has visited Canyon since he left as a boy of 11 years in 1908.

Cold Wave Hits Plains Monday

6 Degrees Below Zero Is Coldest Temperature Here Since 1933; Little Snow

The coldest wave since 1933 hit the Plains Sunday, driving the temperature to 4 degrees below zero Monday morning. This record was made at the West Texas Gas office. The lowest at the depot was recorded at 6 degrees below zero.

By Tuesday morning the temperature had moderated to 12 degrees above zero.

A light snow accompanied the cold wave, but little moisture resulted from the snow. The streets were made very slick, and travel on the highways was hazardous.

Another cold wave hit yesterday, but the mercury dropped to only 8 degrees above zero. Indications are for warmer weather for the week-end.

Three Places To Be Open to Men

All Men 20 to 44 Who Have Not Registered Before Must Sign Up Feb. 16

Three registration places will be opened in Randall County for registration of men on Feb. 16. At the court house the Selective Service office will handle most of the men; College boys may register at the office of Registrar D. A. Shirley; and men in the north part of the county will register at the Alice Landergerin school. Volunteers to assist in registering are needed. Those wishing to help may phone 46 and give their names to Mrs. Tommy Prichard, clerk of the local board.

President Roosevelt has set Feb. 16 for registration of all male citizens of the nation between the ages of 20 and 44 who have not registered previously.

The registration will apply to all male citizens and some non-citizens born on or after February 17, 1897, and on or before December 31, 1921. It is to take place, not only in the United States, but also in Alaska, Hawaii and Puerto Rico, between the hours of 7 A. M. and 9 P. M.

Provisions were made for registration before February 16 and after that date in exceptional cases through arrangements with selective service officials.

The President, for the sake of full cooperation with the selective service program, urged all employers and all government agencies to (Continued on last page)

Physical Exams Do Not Mean Men Are Under Call

Misinformation prevails regarding men who are being called up for physical examination under Selective Service. The fact that men are called for these examinations does not mean that the men will be inducted immediately. In months past, men were inducted into service about two weeks after they were given physical examinations.

Under new arrangements, local physicians give only a limited examination of men. After this examination the men are sent to Lubbock where army officers give the real examination. If the men pass this rigid examination they are then eligible for induction into the service.

In spite of reports, the local Selective Service board has received no calls for the induction of men. A large group of men will go to Lubbock on January 13 for physical examination, and a smaller group will go to Lubbock on February 2. But so far none of these men have been called for service.

The status of married men, those who married before Selective Service started, has not yet been changed—again in spite of rumors. So far no man who married before Selective Service started has been called by the local board, and no orders have been received to place these men in line for induction.

The army has requested that no news be published as to the number of men given physical examinations or the number that will be inducted. Probably some of these wild rumors are caused by the lack of information.

Jack Curtice Has No Statement About Proposed Change

Associated Press dispatches out of El Paso during the past week indicate that Coach Jack Curtice is in line for football coach and head of the Physical Education Department of the School of Mines.

Mr. Curtice stated yesterday he had no statement regarding the proposed change. He was interviewed by the El Paso Herald-Examiner as he knows no more taken. The change was signed after Mr. Curtice's State of Texas membership.

Fish Eating Ducks Shown by Bill Davis

Bill Davis brought in some fish eating ducks Monday to show how many fish a duck could consume. Mr. Davis had cut open one of the ducks to show the large number of fish which had been swallowed by the duck.

These ducks have been destroying many fish at Buffalo Lake and are considered a real menace to the development of fishing in the Lake.

Sgt. Porkey Is Now Making His Home Near City

Sgt. Porkey of Company F, 142nd Infantry, Camp Bowie, does not want to fight the Japs. Therefore he received his discharge Friday night and was brought here to the farm home of Mr. and Mrs. I. H. Hollabaugh, parents of Pvt. Frank C. Hollabaugh of Co. F.

Besides, Porkey is a little light and too young to fight the Japs, unless he tackles the pigs belonging to the enemy. Porkey is now 4 or 5 months old and weighs 80 pounds.

Sgt. Porkey and another pig, Nervous Curk, were caught by men of Company F when they were on maneuvers in Louisiana. Mess Sgt. Matt H. Sims sent Nervous Curk to his dad at Spearman several weeks ago.

Porkey wandered all over Camp Bowie, but he always returned to Company F, where he usually stayed near the kitchen in order to rob the garbage pail. He traveled over a large part of Louisiana, returned to Texas with the men, and was taken to Ft. Sill, Okla., when the Company was there to demonstrate army tactics.

Both of these pigs have become famous through Associated press stories and features on the radio.

Sgt. Porkey was a pet of all the men in Company F, and he may be a little lonesome away from war preparations, but the Hollabaughs have assured him a good home. They add that he may even end up being made into sausages, or if

he is sold on the market, he might get to return to one of those army kitchens as pork chops.

GUESTS IN STROUD HOME

A large number of guests enjoyed dinner in the home of Mr. and Mrs. W. H. Stroud last Friday at which J. D. Stroud, father of W. H. Stroud, and their son, Ogden, were honor guests.

Present were Rev. and Mrs. W. E. Hamilton and sons, Robert and Dalton, and Mrs. Miller, mother of Mrs. Hamilton, Mrs. Charles Spencer and sons, Jimmie and Phillip all of Lubbock; Mrs. J. P. Hamilton and daughter Anna Jane, Mrs. Lela May Stroud and daughter, Mary Virginia, all of Electra; and Rev. and Mrs. C. C. Armstrong of Canyon.

Mrs. Lela May Stroud and Mary Virginia had spent the entire week in the Stroud home here.

Saturday Mr. and Mrs. Dennis Murphy and son, Ralph, of Midland visited in the Stroud home. They left that same evening and J. D. Stroud returned with them. He had been here for several weeks.

BACK TO SCHOOL

Lt. Roland S. Black of Camp Bowie, who is here on furlough, will be transferred to San Antonio on January 9th to attend an officers school.

Other Camp Bowie men here this week are Sgt. Joe E. Prichard, Cpl. William M. Black, Pvt. Oren A. McBroom, H. B. Owens, and Howard C. Hutchinson.

Mr. and Mrs. W. E. Miller and family and Mrs. M. E. Cleavinger spent Christmas day in the Norman Cleavinger home in Spring Lake.

250 Lions Meet

(Continued from first page)

Claude, Panhandle, Hereford, Friona, and from other clubs over the district.

District Governor H. C. Pender of Lubbock and Deputy District Governor Arthur Teed of Pampa will also have important parts on the program.

Club Luncheon

Weekly luncheon of the local club will be held Monday rather than Thursday. At this time Jordan will be special guest of the club, but he will not appear on the program.

Milton Morris, president of the local club, and chairman of Zone 2, will preside at the zone meeting Monday afternoon at 5:30 o'clock in the auditorium of the education building at West Texas State. Presidents, secretaries, and a few members of each club in the district will attend this meeting.

Governor Pender will explain the new Lions Club slogan, "Every Lions Club United for Victory." Deputy Governor Teed will also be featured at this time.

Banquet Monday Night

The biggest attraction of the day will be the banquet Monday night at Cousins Hall at 7 o'clock when Mr. Jordan will be principal speaker. Mr. and Mrs. Houston Bright will be in charge of a musical program; Lion James Butler will read, and other Lions Clubs of the zone will give short programs.

President Jordan is vice-president of the International Travelers Assurance Company. He is a member of the Dallas Lions Club, Past Potentate of the Shrine Temple, director of the Texas Shrine Rite

Hospital for Crippled Children, and a member of the Dallas Country Club. He joined the Lions Association first as a charter member of the Forney, Texas, Lions Club.

Jordan was born in Kemp, Texas, and received his public school education and college training in Texas. One of his chief interests is his farm where he grows cotton and corn.

The international president is a cousin of Mrs. Joe Thompson of Canyon.

CHRISTMAS GUESTS

Visitors in the home of Mr. and Mrs. F. F. Canada for Christmas were Mr. and Mrs. Tom Gipson and family of Ft. Worth, Price Gipson of Knox City, Mr. and Mrs. Gerald Canada of Portales, N. M., Mr. and Mrs. Marvin McBroom and baby of Hereford, Mr. and Mrs. Jim Burk and Mrs. John Neeley and daughter of Parnell, Mr. and Mrs. Olin Cowan and family, and Mr. and Mrs. Price Rogers and children of Amarillo, Mr. and Mrs. Elmer of Littlefield, Mr. and Mrs. Lee Gipson, and Mr. and Mrs. James Canada.

MISS GIDDEN TO TULIA

Miss Sybil Gidden, daughter of Mr. and Mrs. E. Gidden of Canyon, has been appointed County Home Demonstration Agent for Swisher county and will start in her new job there January 1.

During the past two years she has been assistant County Home agent in Wheeler. Before that time she taught school.

Miss Gidden is a graduate of West Texas State College where she majored in Home Economics.

W. T. Faculty to Back Defense in All Its Phases

Faculty members of West Texas State will meet in special session next Tuesday at 4:30 p. m. to hear reports on the war aid program and to compile data on their contributions to war projects.

Monthly reports will be made to a state office on the state employees' purchases of bonds and stamps. Pledge cards and report cards will be prepared for these reports, which will be compiled each month at the business office.

Miss Ruth Cross is chairman of a committee on Red Cross contributions. Other committeemen are Miss Darthula Walker and James Harden.

Faculty and student committees are making defense stamps and Red Cross contributions possible in the main hall of the Administration Building every day.

Rotary Anns To Be Guests of Club on Tuesday Night

The Canyon Rotary Club will hold the annual Rotary Ann party next Tuesday night at 7 o'clock at the Methodist Church.

Stuart H. Condron, chairman of the arrangements committee, announced Tuesday that Americanism would be the theme of next week's meeting.

Rev. C. C. Armstrong was introduced as a new member of the club. The new pastor was called upon to make the talk for the luncheon.

"Men need a steady influence at all times, but in time of crisis, they need it worse," stated the pastor. In time of war tolerance is one of the things of greatest need. "We cannot afford the spirit of hate," stated the speaker. Every person who repeats the Lord's Prayer acknowledges the brotherhood of men. "If we are to win in this world, we must surrender to Christ; kneel at his feet and give all our allegiance to Him," concluded the speaker.

Visitors were: Hubert Cline of West Liberty, Iowa; John McCarty, A. A. Meredith and son, Bill Meredith, of Amarillo.

CHRISTMAS VISITORS

Visitors in the C. L. Sone home Christmas were: Mr. and Mrs. Law Sone and children of Fort Worth; Mr. and Mrs. W. B. Reynolds and children of Albuquerque, N. M.; Mr. and Mrs. Howard Clemmens of Borger.

Law Sone is President of Texas Wesleyan College; Mrs. Reynolds was the former Ollie Sone; Mrs. Clemmens is a granddaughter.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

THIS IS WAR

Up until December 7 the ordinary run of American life had not been affected by World War II. Up until that time a large percent of Americans were still hopeful that it would not be necessary for our fighters to enter the conflict. Prices on many commodities had gone up, and some items were getting scarce, but on the whole life in this nation went on about as usual.

After the ruthless attack of Japan and the first American blood was spilled, this nation entered the war in earnest. Every American knew then that it was an all-out war. No longer could the normal American way of living be maintained. We have a fight on our hands—we are fighting for our freedom; for our very existence; for Democracy. A hitherto "phony" war became real in the space of 10 minutes. The Japs had started the war, but every American pledged himself to see to it that America would finish the war and dictate the terms of peace.

Up until December 7, America had been a nation on wheels. There had been rumblings that the production of automobiles would be shorter than usual and that tires might be a little scarcer. But no one had been deprived the right to buy when he wanted to buy. Every American citizen was still free to use and abuse his car and its equipment just as he pleased; and he felt pretty sure that when he wrecked his car another one could be found some way or other.

Up until that date there was never a question as to whether he could replace a casing when he wore one out, either from long usage, or through abuse.

But times have changed. The nation is a war. The government is in earnest about winning this war. There are millions of people who still believe that this will be a short war, since the United States has entered. One thing is pretty certain, however—we could lose the

war during 1942, but chances are very, very remote of winning the war during 1942.

There is only one way to win the war, and that is to throw every resource of the government into the war, regardless of whether it takes a month or 10 years to whip the dictators. Every citizen is going to have to make sacrifices, and the first thing all of us will have to do is to use our cars with more care and cut out useless driving.

Remember meatless days and no white bread during 1917-18? Well, we may be called upon to make many more such sacrifices to win World War II. This mechanized war is the most costly the world has ever seen.

Fortunately the American people are all set to cheerfully accept the sacrifices which may be necessary. They know that they will lose everything unless the war is won.

Some misguided army officer has ruled that Selective Service officials should not publish news from local boards about the number of men called into service. At the same time the navy and marine corps are publicizing the men who enlist in these branches of the service. Just why this distinction should be made, no one knows. Every spy in this country knows that every man who can be trained is being inducted into military service. They know that fully 3 million men will be under arms by the middle of 1942. Personally, we cannot see why the Canyon News cannot tell the number of men who are being inducted into the army from this county. Any Axis spy can count the men who are received at the various induction centers and knows just how many men are under arms. In times like these foolish orders are given which mean nothing toward the security of the nation.

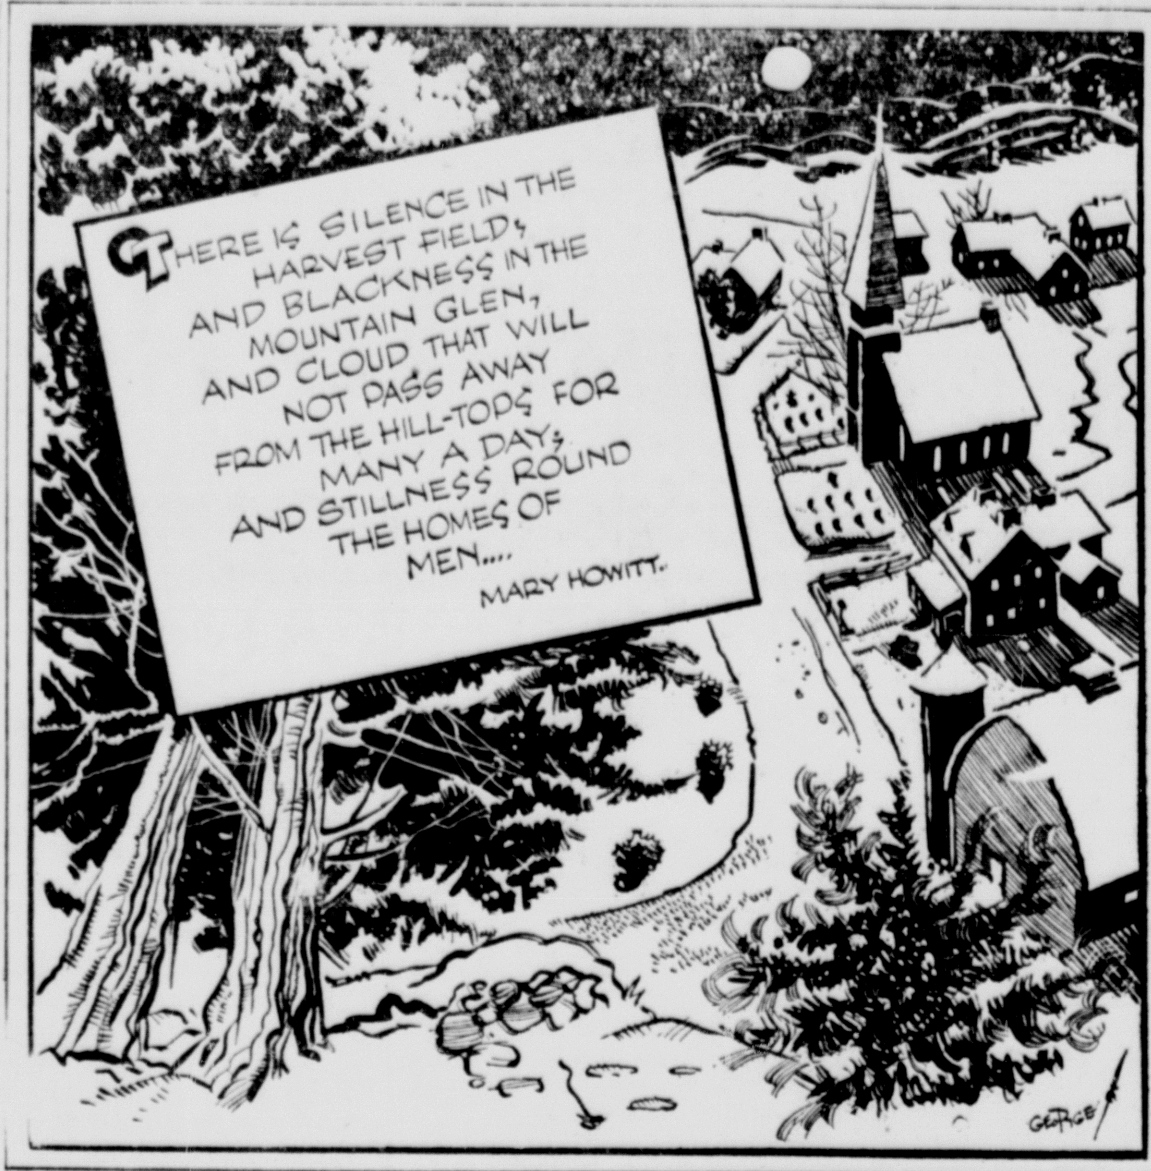

Some foolish person has started the rumor in Canyon that men who are soliciting funds for the Red Cross are paid for their services. Whoever started this unjust rumor should either have a punch in the nose or kick in the pants—or both.

This is war! Not a single individual connected with the Red Cross drive gets a cent for the time put in. This likewise applies to men who serve on the Selective Service board; on the new Tire Rationing Board; or any of the other war-time work. Naturally no one who has any interest in the welfare of any of these war-time agencies will start such rumors; and chances are that those who spread such gossip have never paid anything to the Red Cross or assisted in other war measures. Yes sir, there are still millions of people in the United States who sufficiently love their country to give their time to patriotic enterprises.

Washington is doing the wrong thing in not telling the people the bad news as well as the good news about the war. The morale of the nation is good; the morale of the army and navy is at the highest. The people have steeled themselves to accept the bad news, which they know must come with war. Therefore, the public should be kept informed as to what is going on. It will keep down ugly rumors, which spring up when news is suppressed. After the attack of Japan on Pearl Harbor, wild rumors made the rounds. The damage was not half so bad as the rumors made them—simply because the administration failed to take the people into its confidence.

Quietly, the New Year Begins

TWO FRONTS

The United States must fight on two fronts.

First, there is the military front. American soldiers, sailors and airmen are fighting and dying in the Pacific. They are living up to the highest traditions of this nation's military history. They must be given the finest battle equipment in the world, and they must be given it in lavish quantity. All the resources of this nation, human and material alike, must be used to that end.

Second, there is the home front. We have said, time and again, that we are fighting to defend and perpetuate freedom. That is true. But the defense of freedom at home, as on the war front, demands more than lip service. It demands straight thinking of all. It demands a people who will look squarely at the facts, no matter how unpleasant they may be. It demands the kind of national toughness that knows precisely what we are fighting for, and that will permit nothing to stand in the way of victory on the home front no less than the military front.

We will, of necessity, demand and accept a large measure of economic dictatorship during the war. Whether that dictatorship ends when the war ends, will depend upon the resolution and the understanding of the American people. The future of this country and this kind of government is in the balance. The people will decide which way the scales are tipped.

The free enterprise system is at stake in this war. Upon the maintenance of free enterprise all the other freedoms—freedom of press, freedom of speech, freedom of religion—hinge and depend. Anything which weakens and emasculates free enterprise is the enemy of the nation. We cannot have an ever-expanding bureaucracy and have efficiency. We cannot allow non-defense spending to go on unchecked and expect to avoid economic collapse. We cannot punish industry and expect it to be able to do its utmost.

There is nothing dramatic about these statements. They are simply homely truths. The winning of this

war—and the winning of the peace that follows—will depend on how well the American people understand them.

There has never been such unity as this country has at present. Every American stands solidly behind the President in the pledge to wage war until international gangsterism is destroyed. The spirit of the nation is one of grim, uncompromising determination. But let all remember that the home front is as vital to war and to the perpetuation of our way of life as the battlefield. There will be subversive influences on both fronts. Only an awakened, aware people can prevent their depredations.

We fight for freedom, then, and we must fight for it all the way—fight for it here in America, no less than in the broad reaches of the oceans and the lands beyond.

Three years ago the people of the United States were sold on the idea that Japan must be stopped. But Congress did not keep up with public sentiment. Congress refused to adequately fortify Guam; Congress heeded the minority in the Philippines which thought they wanted out from under the protection of Uncle Sam, and stopped erection of fortifications in that vulnerable spot; Congress failed to build the army and navy as fast as the people were willing for the law makers to act. We now have a much bigger job on our hands in the Pacific than the American people have been led to believe throughout the past three years.

Roosevelt and Churchill formulated a war pact which has been accepted by most of the enemies of the dictators. The chief objective is that no separate peace shall be made by any of the nations until all of the nations have agreed upon a peace compact. Russia has agreed to the pact, which does not bind the Reds to fight Japan at the present time. Russia is doing such a swell job of chasing Hitler back to Germany that it would be a shame to open a second war front for them against the Japs.

The rout of Germany by Stalin is the good news out of Europe. It is the first time that Hitler has received a real set-back. Stalin has told the Allies that he intends driving Hitler out of Russia. If he can do this, Hitler will be deprived of needed supplies. However, do not become over-confident at the present success of the Russians. Hitler lacks a long way of being pushed back into Germany, even should Stalin succeed in pushing the Nazi forces out of Russia.

Have you made your contribution to the Red Cross? It should not be necessary for some one to have to hunt you up and seek your contribution. The men at Pearl Harbor, at Manila and on the other battle fronts are standing between

Mr. and Mrs. Wesley Cox returned Sunday from Frankston where they had been visiting her parents.

Mrs. Robert Randolph is working this week at Evelyn's Beauty Shop.

A BOND OF UNITY.—The handclasp of sincerity and partnership is used by artist John C. Atherton, of Bridgefield, Conn., to depict the close cooperation of the American people and their Government in financing the Defense Program through the sale of Defense Savings Bonds and Stamps. This poster was awarded first prize at the Museum of Modern Art exhibit in New York out of a large number of submitted drawings, and is being used on posters by business firms in advertising, and in numerous other forms to promote the sale of Defense Bonds and Stamps.

Noted Speaker to
Fill Lyceum at W.
T. Friday Night

Dr. Edward Howard Griggs, America's most eminent lecturer on cultural subjects, will be presented by the lyceum committee of West Texas State College this week.

His first lecture will be given Friday evening, January 9, on the subject, "The World Scene and America's Relation to It." Admission will be 50 cents to the public.

At the assembly hour, 11 a. m., on Saturday, Dr. Griggs will speak on "Educating Leadership." There will be no charge for this lecture. He will speak to students of English at 9 a. m. Saturday and to students of government, sociology, and economics at 10 a. m. Saturday. Other conferences will be arranged on demand on Monday. He will address the faculty Monday afternoon.

It will be the third local appearance for the noted educator, author, and lecturer. Dr. Griggs has been giving public lectures since 1899. For many years he taught ethics at Stanford University. Earlier, he taught literature at the University of Indiana. He long has been active in cultural projects in New York. He was educated in this country and abroad. His home is Orchard Hill, Croton-on-Hudson, New York.

Dr. Griggs is the author of books on moral education, self-culture, love and marriage, democracy, beauty in nature, and biography. He has broadcast series on the lives of great men. The inspiration of knowing him has caused many college authorities to schedule lectures extending over many days.

Mrs. Sanford L. Black, Jr., returned last week from San Antonio where Mr. Black is in training in the medical corps. She is in the home of his parents, Mr. and Mrs. S. L. Black.

Special Course to
Aid WT Men With
Military Future

Special four-week courses planned to offer quick training for young men soon to be in Uncle Sam's armed forces are being organized at West Texas State College.

These concern such subjects as safety, first aid, food for the sick, map reading, chef course for boys, sheet-metal work, internal combustion engines, welding, and radio. College credit may be earned, or the courses may be taken by anyone without credit. Students entering now may make up a program of these special courses.

College men are also volunteering for military instruction to be taught two nights of each week by Lieut. A. R. Donnell, head of the R. O. T. C. at Amarillo High School. Standard army drill will be directed in a gymnasium and on Buffalo field.

A broader program will be offered when the second semester opens February 2. This will be coordinated with similar work to be offered in other state institutions.

Meanwhile, the college group—faculty members and students—is organized to maintain morale, sell defense bonds and stamps, assist the Red Cross, and provide complete information on the war effort. One committee will study ways to enlarge the college's war aid program. President J. A. Hill is on a trip to an educational conference in Baltimore and to Washington, D. C., where he will seek information on disposition of campus projects involving WPA and NYA. An addition to the Panhandle-Plains Museum is being constructed by the Works Progress Administration, but a shut-down is imminent unless materials may be obtained. Vocational students of NYA are working on the Randall Hall annex. College students of the NYA group have various duties, some as assistants to department heads.

Two Sound Films To
Be Shown Wednesday

Two full length natural color movies, packed with human interest, drama, and action, are coming to Canyon on Jan. 14 at the Hill Implement building at 1:30 p. m.

The two films, "In Our Own American Way," and "Thunderheads Over the Pacific," were produced by Minneapolis-Moline Power Implement Company, and will be sponsored by Hill Implement Co., local dealer for this implement firm.

"In Our Own American Way" shows in natural color such points of historical interest as Plymouth Rock, the Alamo, and Lincoln's New Salem; such natural wonders as the Grand Canyon, Old Faithful Geyser, and Carlsbad Caverns; and our beautiful national parks, forests, and waterfalls. It shows our nation gearing for defense, shows how our boys in the army and navy live and how they are being trained. It shows also the part being played by agriculture in defense.

"Thunderheads Over the Pacific" is an interesting and exciting travelogue of the Far East, most of its scenes having been made in China, Singapore, the Dutch East Indies, and Australia.

Both films are entirely in natural color Kodachrome. Both have musical and full sound background to add to their entertainment and interest.

Mr. and Mrs. John H. White and Frankie returned home last week from Philadelphia where they spent the holidays.

Ray Robbins of Pampa was here for the week end with his mother, Mrs. Earl Robbins.

Haystack Queen

Chosen to reign as "Barnwarming Queen" at the University of Missouri College of Agriculture, Miss Rice Wynn, Providence, Ky., selects a haystack as her throne. The baby pig is mascot of the annual social function.

Proof of the Pudding
To Be Shown at the
Olympic Fri-Sat.

"Proof of the Pudding," an educational picture, is one that every person in Randall County should plan to see when it is shown here at the Olympic Theatre Friday at 3, 7 and 8:50 p. m.; and Saturday at 1:30 and 3:20 p. m.

This feature is presented by the United States Public Health Service and the Metropolitan Life Insurance Co., and it is sponsored locally by the "Look Out Committee," which is made up of all Home Economics Majors, through the courtesy of the Olympic.

As the title indicates, it is a 10 minute feature on Foods, which are playing such an important role in our national defense program at this time. Plan now to see this instructive picture so that you may better feed your family during the present emergency.

Miss Claudine Foster returned Sunday from Silverton where she spent the week end visiting Miss Marilyn Johnigan.

Mr. and Mrs. C. H. Jarrett spent Christmas day in the home of her mother at Stephenville.

Patriotic Program Is Given Tuesday By Canyon Rotary Club

"America" was the theme of the annual Rotary Ann party held Tuesday night by the Canyon Rotary Club. The patriotic theme prevailed and a serious vein was predominate as the club looked at Rotary's part in world's affairs.

Stuart Condon was in charge of the program. "The liberties of all free men are imperiled. The Rotary club thinks of others, and extends help in this time of danger," stated Mr. Condon.

A. M. Meyer discussed morale. He believes that all civic clubs are having a great influence on the morale of people at home. Those behind the fighting men must maintain a high morale if the men at the front are to maintain the typical American morale.

Mrs. T. H. Knighton showed what the Rotary Anns and other women of the community are doing for the benefit of the nation. "The women of the county are asked to do their part in this emergency; to keep cool; keep their feet on the ground; to do well the tasks which are ours," stated Mrs. Knighton.

Special music was given by Miss Peggy Bishir, and Mrs. L. F. Sheffy sang a solo.

It was shown that sons from two Rotarian families are now in the Service, L. Meredith Warren and Don Savage.

J. W. Shook made an impressive presentation of the needs of the Red Cross. "We've been helping our allies, but now we are called upon to come to the aid of our own boys who are under fire," stated Mr. Shook.

Levi Cole discussed the need and soundness of Defense Bonds, urging all "to buy a share in the greatest corporation in the world—the United States."

Dean R. P. Jarrett outlined the spirit of Rotary in Europe before Hitler disbanded all Rotary Clubs which were against the spirit of a dictator. "As we sing 'God Bless America', let us say to all Rotarians in the war torn nation, 'God Bless You,'" proposed the speaker.

Harris M. Cook presented the four tests which faced America this year: unity, sacrifice, courage, faith. He believed that the American spirit would prevail as it did when the marines on the Island of Wake, responded when hardest pressed. "Send us more Japs."

Olin E. Hinkle reviewed the last minute news in a news cast.

Mr. and Mrs. I. H. Davies of Amarillo were guests of the club. Mr. Davies is president of the Amarillo Rotary Club.

The decorations of the tables and dining room carried out the patriotic theme. The place cards were Defense Stamp Albums with a 10c stamp in each.

Baggett Noted as Builder of Super Basketball Teams

A colorful figure of a man has guided the World's Tallest Basketball Team to its present high standing in the nation.

He is Athletic Director Al Baggett, clever strategist of the courts and well known for his abilities as a builder and administrator. Baggett is a vice-president of the National Intercollegiate Tournament held each year at Kansas City. Each summer he teaches a class in football while working toward the Ph. D. Degree at Columbia University.

At home the big coach is known as "the man with the rocks." During the depths of the depression he gathered sand, gravel, native stone, and other materials to start a unique tourist court-like dormitory for West Texas State College athletes. He and his boys built the first unit, then the Works Progress Administration was so impressed that it came to his aid. The rock work spread through the dormitory, new field house, outdoor swimming pool, tennis courts and bleachers, football field bleachers, and massive fences. The set-up is a tourist attraction with its picturesque buildings, trimmed in petrified wood and ornamented with buffalo skulls. The most impressive structure of this kind is the two-story recreation hall for athletes, with game rooms, library, ballroom, large fireplaces, and walls decorated with trophies and murals.

More than fifty men live in these Buffalo Courts, which are rigidly supervised and daily inspected by one of the coaches. The athletes operate a cafeteria, a laundry, and the swimming pool, in addition to caring for the spacious grounds and doing general campus work. Some have called it the most unique athletic plant in America.

Freshmen To Play in Varsity Sports; Football Likely

Freshmen will be permitted to participate in spring athletics in the Border Conference. This decision was reached at El Paso Thursday when coaches and faculty representatives voted for the change.

It was proposed to allow freshmen to play football on the varsity teams next fall, but this proposal was passed until the May meeting of the Conference. With registration of all men of 20 years of age for military service next month, most of the athletic teams will be hit hard by the call for military service.

A large number of W. T. athletes are volunteering for military service. So far the basketball team has not been hit by Selective Service. It is very likely that most members of the team will be called into service during the spring months. Several have been called up for physical examinations.

Coach Al Baggett stated Saturday before leaving on the road trip that he hoped none of his tall boys would be called into service before the end of the season on March 2. Since Baggett is a reserve officer, it would not be surprising to see Baggett and all of his basketball team called into service during the next two or three months.

Repair Your Farm Equipment Early

You remember the trouble, worry and delay in securing parts during the year 1941. Under the present emergency the industry of farm and ranch will be taxed to capacity and we cannot expect any improvements in the securing of parts for 1942. For this reason we urge you to carefully check the McCormick Deering and I. H. C. machines for all the parts you will need for the 1942 season and buy these parts now. This cooperation will greatly assist in the successful operation for your machines.

SPECIAL PAINT OFFER

For a limited time we will clean, repaint and reletter your McCormick Deering tractor at a special rate. This will improve the appearance and conserve your machinery.

SPECIAL SERVICE

If you have a machine on which you cannot secure a local parts service, regardless of the make, we will be glad to assist you in securing the needed parts for such machinery, as under the present emergency it is necessary that every type of machinery, regardless of brand, be put in the best operating condition for the 1942 season.

NEW EQUIPMENT

If you need new equipment for the 1942 season we urge you to buy it as early as possible.

War calls have the right of way

In these troubled, wartime days the first duty of the telephone company is clear.

Our Army needs communication ...fast, dependable communication to every part of this nation.

Our Navy needs it...

The industries which supply ships and guns and shells need it...

To provide that communication, the 28,000 men and women of the Southwestern Bell...the entire physical resources of this company...stand pledged.

The nation's job is our Number One job. The messages of war must go through as quickly and as surely as it is possible for human beings to handle them.

In blackouts, or during local emergencies born of war condition, please use your telephone only for vital calls.

Your help will keep the wires clear so that responsible officials may deal promptly with the situation.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of January 4, 1917)

Canyon's post office was raised to second class the first of January. Senator W. A. Johnson of Memphis inspected the normal and went over the budget with President R. B. Cousins. The legislature will convene next week.

It is estimated that the shortage of paper will put 2,000 newspapers in America out of business.

Prof. and Mrs. D. A. Shirley moved into their new home Tuesday.

Electric service was started on a 24-hour basis January 1.

E. T. (Dusty) Miller became district attorney of the 47th district, composed of Randall, Potter, Armstrong and Donley counties.

For the first time in history, a daily newspaper published a complete edition with every line being set on the linotype. This was accomplished by The Dallas News on January 1.

Nearly 290,000 Visit Museum Since Its Opening

Drawn by its exceptional displays, visitors from every state and from eighteen other countries registered at the Panhandle-Plains Museum in 1941, when a total of 42,007 names were added to the guest book.

This brought the total registration since the museum opened in the spring of 1933 to 289,923, according to Boone McClure, assistant curator. The 1941 total showed an increase of about 20 per cent over the preceding year.

Countries represented included India, Central American states, Africa, Puerto Rico, Alaska, France, England, Hawaii, Canada, Mexico, Brazil, Colombia, Cuba, Holland, Sweden, the Philippines, Egypt, and China.

States best represented included: Texas, 37,752; Oklahoma, 1,097; New Mexico, 716; Kansas, 379; Missouri, 305; California, 299; Illinois, 269; Colorado, 201; Ohio, 162; Arkansas, 98; Indiana, 97; Louisiana, 97; Iowa, 79; Michigan, 72; Nebraska, 70; New York, 61; Alabama, 58; Kentucky, 57; Arizona, 53; Tennessee, 50; Georgia, 45; Pennsylvania, 43; Mississippi, 41; Virginia, 29; Minnesota, 28; New Jersey, 28; Oregon, 26; South Dakota, 25; Washington, D. C., 23; and Washington, 22.

School and convention groups were the largest, but many distinguished visitors, including sci-

entists interested in the museum's specimens, were registered. Construction of a two story annex to the museum is under way.

Men to Register

(Continued from page 1)

gave workers sufficient time off to register.

Recent legislation has made men between 20 and 44 years old liable for military service, and all between 18 and 64 eligible for some type of war duty.

About 17,500,000 men already have been enrolled under the selective service act, and local draft boards have speeded up their classification. The local boards, assisted by additional volunteer workers, will be used to enroll the additional 25,000,000 men.

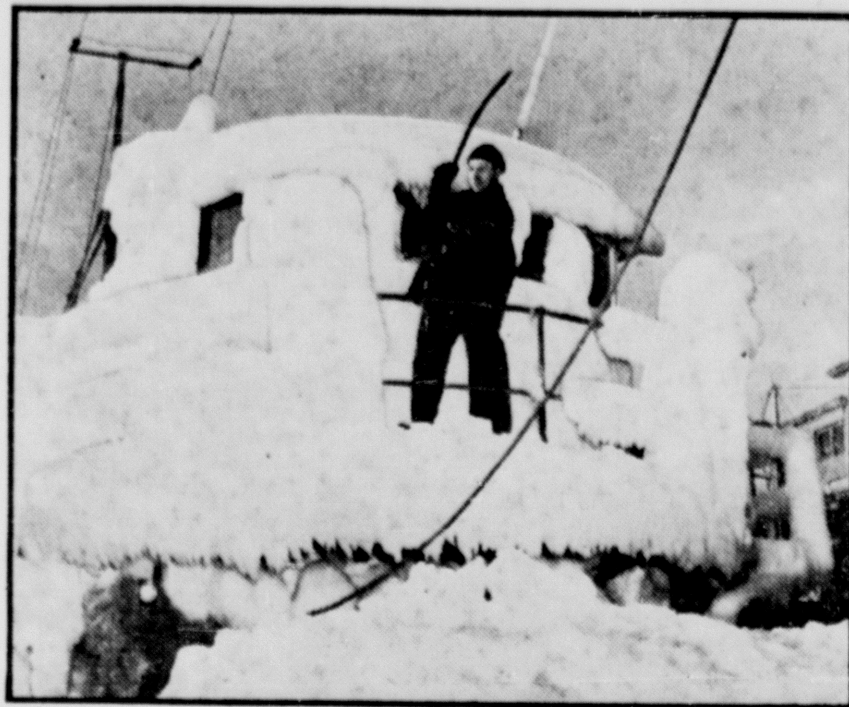

Selective service officials estimated approximately 9,000,000 men would be enrolled at the registration, the first of two or more such enrollments in prospect.

Officials explained that those to be registered February 16 were men 20 years old, those who have turned 21 since the registration last July, and men between 36 and 44.

Aliens must register under the law. The President may exempt persons residing in the United States who have not declared their intention to become citizens, but other non-citizens must register.

A native of Switzerland residing in the United States, for example, would have to register if he has taken out his first citizenship papers but has not become a citizen. If he had not declared intention to

that these fire guards are needed along many fields and farmsteads, as well as, along the pastures.

Among the resolutions and recommendations passed at the morning session of the committee was one addressed to the Agricultural Adjustment Administration request-

ing a modification of the rules on overseeding wheat allotment acreage. The committee recommended the restoration of the 3% tolerance rule so that farmers would be allowed 3% for errors in acreage measurements. Another request was addressed to the Commodity Credit Corporation asking for a modification of the rule requiring landlords waiver on wheat loans to tenants in certain cases where landlord has no interest in tenant's wheat.

Other recommendations regarding the operation of the Agricultural Conservation program were made to the Texas State office.

The Randall County Land Use Committee and similar committees in over 2,000 other counties in the United States is a medium through which agricultural problems are considered on the county level and through which farmers' opinions are transmitted to various agencies both governmental and private. The Randall County Committee consists of 14 farm men, 3 farm women and a representative of each agency engaged in agricultural work in the county. W. E. Bennett is chair-

man. County Agent W. H. Upchurch is secretary.

Ples Harper Receives Ph. D. Degree in Peru

Dr. Ples Harper, 1929 graduate of West Texas State College, is the first non-resident American to receive a Ph. D. degree from the University of San Marcos at Lima, Peru.

He received the degree on December 23.

Dr. Harper has been teaching in the high school at Tucson, Ariz., for several years. While he was in Peru, Mrs. Harper taught in a girls' school at Lima.

The University of San Marcos is the oldest university in the western hemisphere. It was founded in 1551.

Dr. Harper received the M. A. degree from the University of Washington. He is expected to return to this country soon.

He was expected to become an attaché at the U. S. embassy in Lima, but probably will not accept this post because of the unsettled world conditions affecting Peru.

Lions President

(Continued from page 1)

Dumas, Matador and Amarillo were entertained by the Canyon Lions Club at a banquet at Cousins Hall honoring Mr. Jordan.

James Butler of the local club gave a reading; Miss Pat McLarney of Amarillo sang a group of songs; Houston Bright of Canyon sang a group of songs, accompanied by Mrs. Bright. A western hat was presented to the distinguished visitor by the Amarillo Club.

District Governor H. C. Pender of Lubbock introduced President Jordan.

After visiting 22 states and several Lions clubs in Canada, Mr. Jordan stated that his visit to Canyon was the outstanding event of his administration. He praised the people of Canyon, the hospitality which had been shown him here, and the growth which had taken place in Canyon during the past 33 years.

Lions International was organized in Dallas in 1917 with 25 clubs. Lionism has spread to all states of the union and nine other nations. There are 4200 clubs, with 150,000 members.

Mr. Jordan made a patriotic appeal to all Lions to do their part in the present national emergency. "There is just one issue in this war—Liberty vs. Slavery. How noble is Liberty; how wretched is Slavery," stated the speaker.

Victory Week is being observed in all Lions Clubs. Every citizen has a part in defense; in assisting FBI; joining defense units; aiding salvage corps; contributing to blood banks; buying Defense Bonds; helping the Red Cross and USO; and above all help in maintaining a high morale. Bombs, tanks, planes will not take the place of high morale.

Training School at Baptist Church

Claude W. White, director of the Training Union of the local Baptist church, announces an enlargement campaign and study course next week, beginning January 12, under general direction of Miss Nella Casement of Dallas. She will teach a course for adults and young people, and another course for young people will be taught by Mr. White. Ole T. Brown will teach a course in Christian Growth for adults. Mrs. Roy L. Johnson is to teach a course for boys and girls of junior age and a course will also be offered for teen-age young people.

Conference with officers of the various unions will be held in the afternoons and plans will be made to enlarge both the organization and the membership of this part of the local church.

PRESBYTERIAN CHURCH

Next Sunday will be Communion Sunday in the Presbyterian Church. The theme for the Communion Meditation will be "The Eyes We Trust." The choir will be back in its place Sunday and will sing an anthem. At this service new members will be received into the Church.

The theme for the evening service at 7:45 will be "Bridge Builders." The College Youth Choir will sing at the evening service. The youth meetings at 6:45 will have programs of special interest with Mrs. W. E. Miller giving a review of the first one, study of the book, "This Is the Victory," by Leslie Weatherhead, for the College Christian Endeavor and Shirley Harrell leading Tuxis, with the topic "How God Works Through Causes." Pioneers for juniors and intermediates will begin a study of "Building a Christian Character." The Ladies Auxiliary will meet Tuesday afternoon at 3 p. m. at the home of Mrs. A. L. Tarlton. Mrs. Cash and Mrs. Wilkinson will be in charge of the program.

And the night shall be filled with music,
And the cares that infest the day
Shall fold their tents, like the Arabs,
And as silently steal away.
